

Expert's report

on the compliance with the requirements of EN 81 part 1 and part 2

The TÜV Rheinland Industrie Service GmbH,
herewith certifies the company

**W&W Aufzug- und Industriekomponenten
GmbH & Co. KG
Erkrather Str. 264-266
40233 Düsseldorf**

the conformity of the product

Type:	Shaft lighting system
Functional description:	"SlimLicht 2 pole"
ID no./marking:	6054 SlimLicht [®] lamps 2-pol 24W 6154 SlimLicht [®] lamps 2-pol 28W

with the requirements of appendix I of the Council Directive 95/16/EG of 29 June 1995,
the harmonised standard EN 81-1/2:1998 (+A1/A2) paragraph 5.9 for an installation with a lamp distance
of 2m and a shaft floor space of up to 6m².

The evidence of conformity was provided by a **technical check**
(Technical report Nr. W&W2007SlimLicht of 20 February 2007).
The results of the test report are to be observed.

This expert's report is valid as long as the requirements of the directive, on which the conformity is
based, and the safety level of the checked construction model are fulfilled.
The validity of the present certificate is limited until 31 December 2012.
