

EAN:	4013288233639	Size:	100x243x85 mm
Part number:	05005580001	Weight:	2094 g
Article number:	8790 B Impaktor Deep Set 1	Country of origin:	TW
		Customs tariff number:	82042000

- Long 3/8" socket wrench for low-lying couplings in confined spaces und protruding thread rods
- For use with electric or pneumatic wrenches with 3/8" drive
- Impaktor technology for above-average service life
- Hexagon profile allows precise and profile-friendly screwdriving with high power transmission
- With cross hole and ring socket to attach the safety pin and safety ring of machine operated tools
- With Take it easy tool finder: colour coding by size

Set with 14 Impaktor Deep socket wrenches for use with electric or pneumatic wrenches with 3/8" drive. Long design for low-lying couplings and protruding thread rods. The Impaktor technology ensures higher-than-average service life even at extreme requirements. The hexagon profile used allows high power transmission while simultaneously being precise and protecting the profile. With Take it easy tool finder with colour coding by size - for quick and easy identification of the required tool.

For electric or pneumatic wrenches

The extremely robust forged design ensures higher-than-average service life of the Impaktor sockets even at extreme requirements.

Long design

Thanks to the long design of the sockets, even couplings in tight spaces can be reached. Screwdriving at protruding thread rods can also be possible.

Profile-friendly power transmission

The hexagon profile offers the transmission of high forces and loads the edges of the bolt or the screw head less than a double hexagon profile. Fine-toothed ratchets also make use of a double hexagon profile superfluous, even in confined spaces, thanks to their small return angle.

Cross hole and ring socket

Thanks to the hole and the ring socket, the tools can be held securely on the power tool with a safety pin or an O-ring.

Secure hold and easy removal

The all new smooth turning mechanism guarantees both secure and rattle-free storage, yet allows easy removal of the tool.

Take it easy tool finder system

Take it easy tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).
