

#### 6920700-1:

From the combination of order number and item number, we can check exactly which door lock our customer has received.

#### DLF1R-X25(u).20.9/01:

The order information code is also printed on the label.

#### 10601002:

The article number alone has no meaning, since door locks are variant articles. The article number printed here indicates only the basic article without characteristics.
